Dear John,

This morning, Sat 7-21-84, at 3:30 pm, I awoke with this tremendous light in my room which seemed to fill not just the room but many blocks around the hotel, as well. I am not sure why I felt that was the case, but that was my impression. At any rate, I was then shown that at a point in time in the future of this life time I would be lifted up in light and serve as you have indicated. It seemed unbelievable all of the people who seemed to be influenced by this light and so I watched I kept seeing the number increase. Finally I began to hear within a voice which stated, "What you is given a knowledge of ~~that~~<sup>few</sup> you know and unto you is shown the work you must do. We who work in the Sant Israel Conscience as our near, giving light and love, the Masters of Inner Light and the Lords of Karma have seen that many are ready to begin their path upward to God. It is through you that this path is to be made available. Realize the glory of God and then allow others to know that same glory through you, and in you. We reach out to help all who seek the Inner Light and we try to lift all who listen within. To do this we need one who can be a focus of the light and one who can be a voice of the light within. This is why we come to you and this is why we have revealed so much to you. Walk your path of Light and Sound and open to the light of God. In this manner we can and will begin to focus the Inner Light Conscience through you to begin forming the path to God. Yes, there are at this time several paths which serve in the manner and in the end they are one, but in order to reach the numbers of people - souls - that are calling out for freedom, it is important to have as many paths to God available so that all who long for God might find God. The more expressions of himself that are before people, the more they will begin to see God within themselves. This is why we come to you

and bring you this knowledge. There are many ways that you could have served God and man, but this has been decided upon, because of your own love of God. It is the love for God that will ultimately bring all into the love of God. It is you this is an easy path for you live in the love of God so truly you can help others do the same, just by living. In time you will have many around you and in time they too will become teachers on the path. The power of light shall grow ever brighter and clearer and as it does there will be those who can serve as a focus for others to see. The difference between you and the other teachers on your path will be that you will be the initiator. You will not only initiate the start of the path, you will also be a light giver, an initiator of sound and light. As Jesus stated, "Through me you shall find the kingdom of God" so it will be with you as it is with others who now serve God as initiators. This is a glorious path and a joyous service to God. Strive today ~~and~~ to reach the heart of God in your meditations so that you then might let God reach out and touch the hearts of men.

There are several ways which we can effectively work through you and we will do so as time progresses. It is important that you find a way to be free of the influence of any person, for it must be God who directs you on your path and not a mortal minded soul. We have begun to take steps toward this physical liberation for you so you might then offer to all, spiritual liberation. We stress it this time, you sit and talk with our friend John Fetz. For we have shared much of this and more. He is the one who has the way of physical liberation so that you might show the way of spiritual liberation. This is the same path that has been opened if you look closely at your functions and John's functions with the foundation. John offers the way for the foundation to have the special means for spirit to work in the physical to bring balance

to the physical emotional and mental levels of man. It is through the financial physical liberation in the foundation that this is done. John Fetzner serves as Master and Focus of the Light of God to Mankind in this manner. So you can see, John serves as a focus of God's light in this way. And as a master of this light he serves as a waystation on the path he has initiated, which you call, the Foundation. Through his knowledge, his light, his love and his financial understanding he has instituted a path in service of God.

So, too, through you, Jim, because of your light and love and knowledge in God you are to institute a path of service in God. John Fetzner is a way for this to happen and so we give this understanding so the path can begin. He has given physical liberation to the foundation so God might do the work on the physical plane. He is a way for you and your path to achieve physical liberation so God might do the ~~work~~ his work on the spiritual plane. In this way ~~way~~ we have balance and God is able to serve in both worlds, the higher and the lower, the physical and the spiritual. Through his two focuses, John & Jim, and through them, the foundation and the Spiritual Path.

Do not set the money up in your name, but rather as a church or non profit organization. In this way no one can point and accuse anyone of anything concerning the money, its source, or how it is spent. People could still point but they would have little to say. Yes, you can see that even now with the foundation. People might point, but when they hear the clear motives of the foundation, they have little to say. If your name or anyone else's name was attached to the money, truly this could be said. We feel, though, that though you, God should have the say as to how the money is spent. John Fetzner should be advised to you concerning this matter if he wishes, but remember to let the highest voice in the land, have the last say.

For a time the money will be used to help meet your financial needs and pay for your time and travel elsewhere so that you can share the Light with those who seek it. We will direct you in this but for a time we mainly want you to write & meditate before going out. We will direct you when & where.

By having the money available to meet your expenses you will be able to give God's light and not have to be burdened with meeting Caesar's demands for money. If you remember Jesus said, "Give unto Caesar that which is Caesar's and unto God, that which is God's." Through John and you this law is reached and balanced. John can give that which is Caesar's, so that you can give that which is God's. As your own spiritual growth continues to expand and then others begin to help you, some of the money can then be used to ~~help~~<sup>help</sup> build a headquarters and so on.

The publishing of the Inner Light material can still be done through the Foundation if you choose, so that a link between the Foundation and the Spiritual Path can continue. Also the work of focus with you Jim, and John shall continue as light is focused into the foundation and spirit will insure its work.

In this way you both serve God so God can serve man, you love God so that God can give love to man, and you are liberated in God so God can liberate man. Use your time wisely and the money to. Seek counsel from one who has already walked this path and who can give you understanding. For we will arrange in time for you to sit and talk with J.R. and receive that which you know. But know even the understanding comes from God whether as it comes today, or through J.R. or through yet another means, it is from God. Trust this path of light and continue to move along it toward fulfillment so God might find fulfillment of expression.

Lovingly,  
The Masters of Inner Light
